Karur, Tamil Nadu

PROFESSIONAL SUMMARY

Fresher Full Stack Developer with a solid foundation in Python, Django, MySQL, HTML, CSS, and JavaScript. Gained hands-on full-stack development experience during an internship at Codveda Technologies and built a Django-based chatbot project for automated price negotiation. Seeking a Python Developer / Django Developer role to build and maintain web applications.

TECHNICAL SKILLS

Languages: Python, SQL, HTML5, CSS3, JavaScript (Basic)

Framework: Django

Database: MySQL

Tools: GitHub, VS Code, Postman

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern

May 2025 - Jun 2025

Codveda Technologies | Remote

- Built a full-stack user management system using Node.js, Express.js, and MySQL.
- Created CRUD API endpoints and integrated them with an HTML, CSS, and JavaScript frontend.
- Tested API endpoints in Postman and used Git and GitHub for version control.

Service & Marketing Executive

3 Months

SR Controls (Industrial Automation)

- Handled client inquiries and resolved technical queries for industrial automation products.
- Coordinated with internal teams to ensure timely resolution of service requests.

PROJECTS

Price Negotiation System Using Chatbot

2024 - 2025

Python, Django, MySQL, HTML, CSS, JavaScript

- Built a Django web application with a chatbot that automates buyer-seller price negotiation.
- Implemented pricing rules and counter-offer logic in the Django backend, with data stored in MySQL.
- Designed a simple, user-friendly interface using HTML, CSS, and JavaScript.

EDUCATION

NSN College of Engineering and Technology, Anna University

Jul 2020 - Jul 2024

Bachelor of Engineering in Computer Science and Engineering | CGPA: 8.0/10
